

HEMANATHAN T

Aspiring AI & Machine Learning Engineer

+91 9789393945 | hemanath1601@gmail.com

[Portfolio](#) | [GitHub](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

Motivated B.E. Computer Science Engineering student with a Diploma in Electronics & Robotics (90%). Skilled in Python, SQL, Machine Learning, Computer Vision, and IoT. Experienced through AI/ML and Data Analytics internships with hands-on projects in AI, IoT, and data visualization. Passionate about developing innovative technology solutions.

EDUCATION

Bachelor of Engineering (B.E.) Computer Science Engineering
Arunai Engineering College, Tiruvannamalai
Expected Graduation: 2027

Overall CGPA: 8.01/10

Diploma in Electronics & Robotics
Swamy Abedhanandha Polytechnic College
Thellar, Thiruvannamalai, Tamil Nadu

Year of Completion: 2024

Overall Percentage: 90%

INTERNSHIP EXPERIENCE

AI/ML Intern – TVK Technologies:

- Worked on AI/ML concepts, data preprocessing, and Python-based ML solutions.

Data Analytics Intern – Decode Lab:

- Worked on data analysis, visualization, and extracting insights using Python, SQL, and Excel.

TECHNICAL SKILLS

Programming Languages:

Python | SQL | HTML | CSS | JavaScript

Data Analytics:

Power BI | Excel | Data Visualization

AI & Software:

Machine Learning | Computer Vision | OpenCV

Database:

SQL | MySQL | DBMS

IoT:

ESP32 | Arduino

Tools:

Git | GitHub | VS Code

SOFT SKILLS

Problem Solving | Team Collaboration | Communication | Adaptability

PROJECTS

ZENAB AI Smart Tree:

Technologies: Python, ESP32, IoT, Streamlit, SQL

- Developed an AI-based IoT air quality monitoring system with real-time dashboard.

Smart Face Recognition Attendance System:

Technologies: Python, OpenCV, Flask

- Built a face recognition system with automated attendance and webcam detection.

Smart Drainage Monitoring System:

Technologies: Arduino, ESP32, IoT

- Designed an IoT-based water level monitoring and alert system.

Smart Car Charging System:

Technologies: Arduino, IoT

- Developed a smart EV charging monitoring system.

Retail Sales Analytics Dashboard:

Technologies: Power BI, SQL, Excel

- Created an interactive dashboard for sales analysis and visualization.

ACHIEVEMENTS

1st Place – RIT Hackathon:

- Achieved first place in a competitive hackathon by developing an innovative project.

1st Place – APEC Hackathon:

- Won first place for presenting a technology-based solution.

3rd Place – SSN College Hackathon:

- Secured third place by developing an innovative technical solution.

CERTIFICATIONS

- Python Programming Certification
- AIML Certification
- Data Analytics Certification
- Power BI Certification

LANGUAGES

- Tamil (Native)
- English (Professional Working Proficiency)
